

HELLO, I'M

Adeela Amanat

A Textile & Fashion Designer

Lahore, Pakistan · +92-300-7311117 · amanatadeela@gmail.com

01 ABOUT ME

Textile and fashion designer working across lawn, pret, semi-formal and bridal since 2017 — from Head Designer at a textile house to founding and running an independent label end to end. Equally at home developing digital prints, repeat patterns and engineered layouts for seasonal lawn, directing embroidery artwork and colourways, and managing sourcing, karigars and an in-house production unit. Gold medallist in Fashion & Textile Design, University of South Asia. Seeking a senior design role with a Pakistani textile house.

02 CAREER & EXPERIENCE

MAY 2024 – MARCH 2026

Founder & Creative Director · Inventive Clothing

- ▶ Founded and scaled an independent fashion label, growing operations from custom lawn stitching orders into semi-formal and bridal wear.
- ▶ Handled direct client consultations, custom fittings, order management, and personalised design commissions for high-end clientele.
- ▶ Oversaw end-to-end supply chain — raw fabric procurement, custom dyeing, trim selection, and specialised embellishment (karigar) sourcing from local markets.
- ▶ Recruited, trained and managed an in-house production unit of master cutters, tailors and hand-embroidery artisans, holding quality control and delivery to schedule.

2020 – 2021 · REMOTE

Freelance Digital Print Designer · Jahanara

- ▶ Created original digital prints, repeat patterns and engineered layouts for seasonal lawn collections.
- ▶ Delivered print-ready artwork and curated colourways remotely, working in close collaboration with the in-house team.

2020

Project Designer · La'Belle

- ▶ Designed a complete lawn pret capsule collection — digital textile print development, custom embroidery placements, colourways and garment cutlines through to final sampling.

FEBRUARY 2019 – MARCH 2020

Head Designer · Noor Textiles

- ▶ Led and mentored a multidisciplinary team of textile and embroidery designers, owning creative direction from mood board to finished garment.
- ▶ Directed custom embroidery artwork — technique, placement and thread selection — and approved every swatch and fabric sample before bulk.
- ▶ Curated colour palettes across prints, embroideries and trims to hold each collection to a single narrative.
- ▶ Ran end-to-end sample development, supervising stitching teams on silhouette translation and finish quality.
- ▶ Resolved construction, fit and pattern issues with technical and production teams ahead of collection sign-off.

MARCH 2017 – NOVEMBER 2018

Fashion & Textile Designer · Coronation

- ▶ Designed *Palais Royal*, the label's first luxury semi-formal collection for women and children.
- ▶ Developed digital prints for 3-piece lawn and built multi-head embroidery artwork across seasonal ranges.

- Owned silk tunics end to end — print development, cut and embroidery experimentation — plus a printed silk scarf range and an organza semi-formal collection.
- Developed cutlines for pret and designed stitched garments for catalogue, art-directing the luxury lawn shoots.
- Designed seasonal women's pret and semi-formal ranges to customer demand and current trend direction.
- Managed the design workforce and production against seasonal deadlines.
